

From the first day of absence, your child should choose from these activities which focus on the skills they would have been working on in class. Where children are absent for more than three days, more activities will be provided which will help your child to keep up with core learning taking place in school.

Number Matching Caterpillar

Match the numbers on the circles to the numbers on the caterpillar.

Count along the number line:

ADDITION CHALLENGE!

$$2 + 1 =$$

$$3 + 2 =$$

$$5 + 1 =$$

$$8 + 2 =$$

$$7 + 1 =$$

$$5 + 2 =$$

$$7 + 2 =$$

$$10 + 2 =$$

$$10 + 3 =$$

$$15 + 2 =$$

$$13 + 2 =$$

$$17 + 2 =$$

$$15 + 4 =$$

$$11 + 3 =$$

Can you draw dots in each space? Can you count to 15? 20? 50?

PICTURE IT!

3	2	4	1	8	5
11	9	15	13	17	19
16	20	26	32	50	100

Colour the pattern! What shapes can you spy?

Reading Challenge

Read a book about space

Read a recipe

Listen to an audio story

Read to your pet

Read a book about a tiger

Read a non-fiction book and then make a fact book

Read an online book about an animal:

<https://www.booktrust.org.uk/books>

Read in bed

Read to someone in your family

Read in the garden

Read a poem

Read under a blanket with a torch

Read a book that has been made into a film - then watch the film

Read a book and then do a sketch

Topic and fun
activities – choose one

Cardboard Tube Rocket

You will need:

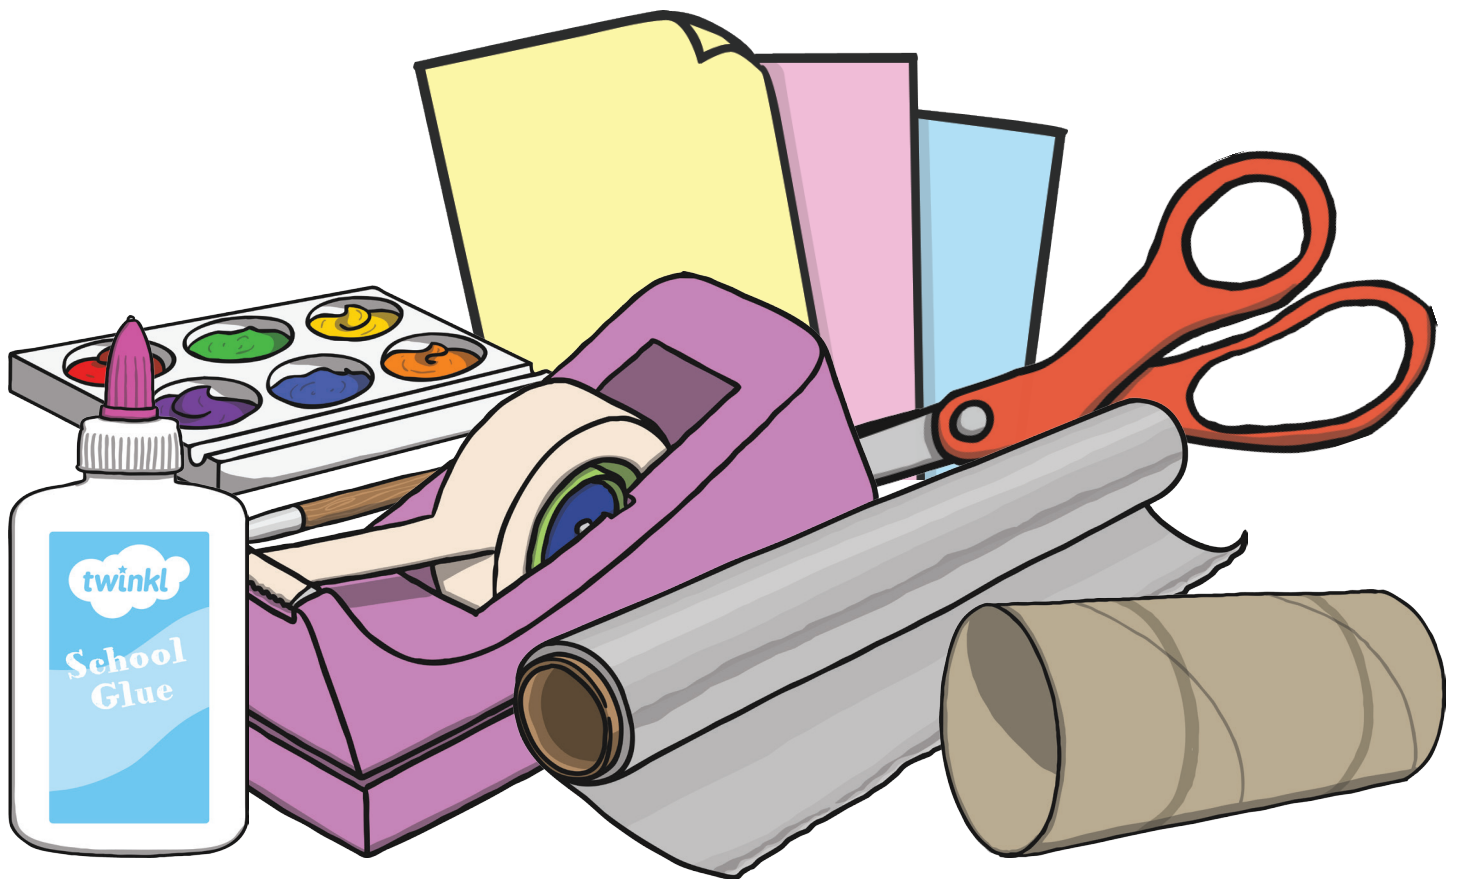

Long cardboard tube
Silver foil
Tissue paper
Brightly coloured card
Brightly coloured paint
PVA glue
Scissors
Sticky tape

Instructions

1. First paint the cardboard tube in a bright colour, then leave to dry.
2. For the top of the rocket, choose a different coloured card. Then draw around a small circular object, such as a cup, onto this.
3. Cut out the circle. Then also cut out a line going from the outside to the centre of the circle, stopping once you reach the middle.
4. Roll the circle into a cone shape, then secure using sticky tape.
5. Stick two pieces of tape on the inside of the cone. Then stick the cone onto the top of the cardboard tube.
6. Now make some windows for the rocket using silver foil. To do this, draw around a small circular object onto the foil three times.
7. Next cut out the circles in silver foil and stick them onto the rocket using PVA glue.
8. For the flame, take some pieces of tissue paper and place them onto of each other in layers.

- Pick up the layers of tissue paper and cut the strips vertically into them, ensuring the cuts do not go right to the top.
- Finally, gather the sheets of tissue paper at the top, then secure and strengthen this by sticking tape around it.
- Using sticky tape to attach the flame to the bottom of the rocket.

Make an Emoji Face

Cut out the pieces and stick them on to the face to make an emoji face! How do you think your emoji is feeling?

Paper Plate Pets

You will need:

- Paper plates (one per child)
- Paint
- Paintbrushes
- Different coloured sugar paper
- Scissors
- Glue sticks
- Glue spreaders
- Marker pens (optional)
- Decorative items, such as wool and googly eyes (optional)

Instructions

1. Choose which pet you would like to make. The paper plate is going to be the animal's head (unless you choose a goldfish!). Think about what colour your pet needs to be.
2. Paint the paper plate completely in your chosen colour. Wait for it to dry.
3. Once the paint is dry, you can add the smaller details. Choose some sugar paper that is the same colour as your painted plate and cut out shapes for the ears and nose. Triangles, semicircles and ovals work really well! Use white glue to attach them. Hold them in place for a few seconds.
4. Use a small paintbrush (or marker pens) to add any more details, such as eyes. Alternatively, you could use googly eyes.
5. Leave the decorations to completely dry.
6. Display your paper plate pets for everyone to see!
