

## Holbrook C of E Primary School

### Class 2: Year 1 Curriculum – Autumn Term

# Stomp and Chomp

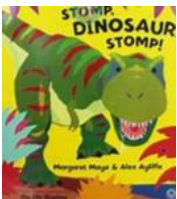

### Our key text is:

How to train your dragon by Cressida Cowell

### Other texts:

By Margaret Mayo and Alex Ayliffe

### Captain Flinn and the Pirate Dinosaurs

### Key reading objectives:

Year 1 are going to develop their understanding of words, making links with known vocabulary and discussing favourite words and phrases. They will begin to use strategies to find the meaning of an unfamiliar word.

They will also identify and discuss story elements such as setting, events, characters, and how problems develop and get resolved.

### Key writing objectives:

#### Fiction: Openings and endings

Using the Talk For Writing approach, we will use a range of literary techniques to write a fictional text. We will apply adjectives, senses, and details to create affect. Year 1 will describe characters, using adjectives, adverbs and noun phrases. We will also be looking at Dinosaur poetry and how to perform this.

#### Non-fiction: information

This term, Year 1 will also be writing information texts and using the class text/stories that children have been working on to support this.

They will learn and retell simple information texts with a three-part structure: opening, block information and conclusion.

### Spelling patterns this term:

#### Spelling patterns for Year 1

The sounds /f/ and /s/ spelt 'ff' and 'ss'

The endings -ing, -ed, -er

The sound spelt n before g 'ng'

The sound spelt n before k 'nk'

The sound 'ch'

The sound 'tch'

The digraphs 'ai' and 'oi'

### Key maths objectives:

Year 1 will be focusing on place value within 10 by sorting, counting, comparing and ordering numbers. We will also introduce the use of the less than and greater than symbols  $<$ ,  $>$  to talk about numbers and their values.

Year 1 will consolidate our knowledge of addition and subtraction within 10. We will explore the part whole model and learn our number bonds to 10.

Year 1 will also be focusing on Geometry, recognising and naming 2d and 3d shapes. We will also be sorting 2d shapes and creating patterns with 2d and 3d shapes.

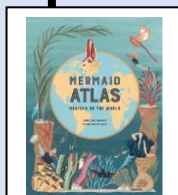

We will enjoy using our outdoor space to help consolidate our shape recognition by 'I spying' familiar and new shapes in the environment.

### Key Science objectives:

#### Animals

Science lessons to help identify and sort different types of animals and to explore their habitats.

Year 1 will name different types of dinosaurs, explore what their habitats were like and will complete a fun investigation of 'Whose dinosaur poo is this?'.

### Geography:

Making links with Dinosaurs, Class 2 will secure knowledge of the 7 continents, surrounding seas and 5 oceans of the world. The children will use world maps and atlases.

### Computing:

In Class 2 we will be focusing on online safety and Pictograms.

### History: Changes in Living Memory

Dust off your palaeontology outfit because we are off on a journey back in time to Dinosaur Planet! Class 2 will learn about the job of a palaeontologist who studies bones and fossils. We will find out lots of amazing dinosaur facts and explore the history of dinosaurs. Class 2 will find out about Mary Anning and her amazing fossil collection and will use timelines to begin to understand when dinosaurs lived.

### Art/ DT:

Class 2 will have the opportunity to make a 'Sockosaurus!' We will also be making a Jurassic landscape and practising designing, making and evaluating our own products.

In Art we will be using different media to create some fantastic dinosaur artwork. We will be thinking about colour mixing, tone and shade.

### PSHE:

We will be thinking about our feelings and emotions and ways we can develop our confidence in our new classes.

### PE:

Class 2 will be learning invasion games and how to work together as a team. Invasion games are games like handball and benchball.

### RE:

Our focus this term is about what is a Christian and what do they believe? We will also look at what is Judaism and comparing and contrasting their beliefs. We will also be taking about which stories are special and why.

### Music:

Class 2 will be focusing on different animal songs and performing poetry using animal sounds.

### Homework expectations:

Class 2 will be given homework on a Friday and this term will include a Literacy/ Phonics and Maths activity. Homework will be due back on a Wednesday. Children are also expected to read at least 3 times a week, please record this in your child's reading record.

#### Ideas to support at home:

You can support your child at home not just with their homework tasks.

Thinking about our science topic, children could look around their home and local area for animals. Where do they like to live? What do they like to eat? Can you talk about whether they are herbivores or carnivores?

Linking our Geography topic with your family holidays, you could talk about where you have been and where you might be going. Could you plot your route on a map, could you talk about seas and oceans you might see or travel on? Do you have any souvenirs from places you have visited or photos of where you have been? If they are not too precious, your child could share this with the class on Show and Tell day (Tuesday).

Maths is all around us - asking your child about the different shapes they see and describing them will support geometry skills. Keep practicing number bonds with your child and encourage them to use Hit the Button - a super site for doubles, 2 and 10 x tables and number bonds up to 10 and 20.

**Term: Autumn 2022 Class 2 Y1**
