

Allergies & Special Diets

Allergies

Our menus highlight the 14 recognised food allergens: cereals (containing gluten), celery, crustaceans, dairy, egg, fish, lupin, molluscs, mustard, nuts, peanuts, sesame, soya and sulphites.

In secondary schools our pre-packaged sandwich and deli items, display a full ingredient list in accordance with **Natasha's Law**, that protects people with food allergies, who rely on the transparency of ingredients.

If you or your child are ever unsure about our allergens, please ask a member of the catering team at your school.

Please make sure that your school office is always aware of any allergies.
