

Tuesday 3rd December 2024

Dear Parent/Carers,

I am delighted to attached our SIAMS inspection report, following our inspection on 12th November 2024. I am particularly proud that the inspection recognised our strengths in helping children to understand and challenge social injustice, and our work to support everyone's well-being.

A big thank you to everyone who spoke with the inspector on the day – children, staff and parent/carers, thank you for your time and positive comments. A huge thank you too to the staff of Holbrook who really do strive every day to give your child the care and support they need to flourish.

I have been at this school for over three years now and I am really proud of the journey we have made as a community, and the developments we continue to make. Thank you for all your support along the way.

Mrs I Taylor
Headteacher
